SOUTH DAKOTA'S GUIDE TO
LONG-TERM CARE RESOURCES

NEWS AND INFORMATION

WHY PLAN NOW FOR LONG-TERM CARE

Owning your future is all about living well, planning early and wisely, knowing your options and taking action.

Most people look forward to retirement as a well-earned reward. However, the nest egg that took so many years to save can disappear rapidly if a person develops a need for long-term care. Studies find that about two-thirds of all Americans will likely need some type of supportive services after age 65.

Without advance planning, it can be difficult to arrange for the type and amount of care you might need. Thinking about care choices before you need them, gives you more options and more time to choose what is right for you and your family.

No one can determine the day when they will need long-term care services, but planning and preparation should occur years before the need.

Key areas to consider when planning for your future:

- Communicate with family and friends
- Compare and understand long-term care insurance options
- Decide who you can count on for help
- Establish clear legal directions
- Focus on your finances
- Learn what your community has to offer
- Make necessary home improvements
- Take control over your health and personal needs
- Use the resources on the back of this newsletter for contact information

OWN YOUR FUTURE

LONG-TERM CARE SERVICES IN SOUTH DAKOTA

Long-term care services may vary in your community, but look for the following options in your area:

- Adult Day Services
- Assisted Living
- Assistive Devices
- Caregiver Program
- Emergency Response Systems
- Homemaker Services
- Medication Management
- Nursing Homes
- Nursing Services
- Respite Care
- Senior Nutrition Meals
- Senior Transportation systems
- Telehealth Technology

PAYMENT OF SERVICES

Payment for long-term care includes one's own personal resources, long-term care insurance, and the state's Medicaid program. Medicare will pay for some skilled care after you have been hospitalized for three days and in a Medicare-certified facility for a limited time period.

In FY2006, the average annual nursing home cost in South Dakota was \$48,200 or \$132 per day. In FY2006, total Medicaid expenditures for nursing home care totaled \$131.4 million.

Services covered by Long-Term Care Insurance policies may include the following:

- Adult Day Services
- Assisted Living
- Home Health Care
- Hospice Care
- Nursing Home Care
- Personal Care in your home
- Respite Care
- Other Community Options

NOTE: Read each policy carefully for coverage.

“We want to help all South Dakotans achieve the highest quality of life possible and that means encouraging them to plan ahead for an active and healthy future,” said Gov. Mike Rounds. “Long-term care needs are best met by putting an established plan in place. Join me and be a part of owning your future today.”

OWN YOUR FUTURE

“Own Your Future” encourages people between the ages of 45 and 65 to start planning ahead for their future long-term care needs now, instead of waiting until it is too late.

The campaign is a unique partnership between the South Dakota Department of Social Services and the U.S. Department of Health and Human Services.

If you have not already done so, the first step in the planning process to owning your future is to order the Long-Term Care Planning Kit created by the federal government. This planning kit includes some basic facts about long-term care and describes some things you can do to plan for your financial, housing, and healthcare needs as you age. To order:

Call 1-866-PLAN-LTC (1-866-752-6582)!

LONG-TERM CARE INSURANCE

Long-term care insurance is one way to pay for certain long-term care services. These insurance policies, either “tax-qualified” or “non-tax-qualified,” are offered by private companies. Check with the Division of Insurance to obtain a list of companies approved to sell long-term care insurance in South Dakota. If you are a federal or state employee, check with your personnel office to learn more about the long-term care options available to you.

Be sure to understand the differences between the policies before choosing the best policy for you. Review all parts of the policy with your tax consultant or legal advisor regarding the tax consequences that may come up in certain situations.

CONSIDER LONG-TERM CARE INSURANCE IF

- You have significant assets and income.
- You want to protect your assets and income.
- You can pay premiums, including possible premium increases, without financial difficulty.
- You want to stay financially independent of the support of others.
- You want to have the flexibility of choosing care in the setting you prefer or will be most comfortable in.
